33rd IABSE Symposium in Bangkok, Thailand

15 Sep 2009

The IABSE Symposium 2009 on 'Sustainable Infrastructure Environment Friendly, Safe and Resource Efficient' has been held from 9-11 September 2009 in Bangkok, Thailand.

More than 500 academics, researchers and practitioners from all over the world intensively discussed applicable solutions on how to achieve sustainable infrastructure through planning, design, operation, renovation, retrofitting and repairs.

For more information on the conference and a key note lecture held by GRF President Walter Ammann

IDRC Davos 2010 - May 30 to June 3

Topics, Deadlines, Information

The conference will address different kinds of risks, disasters and crises. A truly integrated and participative approach is planned to ensure that the valuable lessons learned about risk reduction from a wide spectrum are applied correctly to create safer, more resilient and thus sustainable societies for the benefit of communities, countries, and regions.

"The Age of Stupid"

'The Age Of Stupid' is the new cinema documentary from the Director of 'McLibel' and the Producer of the Oscar-winning 'One Day In September'. This enormously ambitious drama-documentary-animation hybrid stars Oscar-nominated Pete Postlethwaite as an old man living in the devastated world of 2055, watching "archive" footage from 2008 and asking: why didn't we stop climate change while we had the chance?
(from www.vimeo.com/ageofstupid)

Global Risk Forum GRF Davos showed this film to the public on 22 September in Davos with a following discussion.
